**Subject:** Thank you for your outstanding work!

Theresa,

I want to take a moment to thank you for your superb work on the sale of 5641 W. Walbrook! My experience was beyond my original expectations in every respect. Your attention to both the high-level strategy and the details not only produced a fantastic outcome, but made my life considerably easier through the process.

I specifically want to thank you for handling so many of the action items that came up so effectively. When you look at each one individually, they seem insignificant...taken together, I could NEVER have done this without your help. You never dropped a single ball, and you did everything you could to ensure that I didn't either (which I'm sure was not easy).

Throughout all this you remained your cheerful and positive self! Quite amazing.

Be assured that I will let everyone I know that is considering selling or buying a home that there is only one choice, Theresa Wellman!

Thank you from the bottom of my heart (and my bank account)!

Cheers,

Stu
